Money vs. Cotton. About the first observation made y every one you meet is concerning the stringency of the money market. This is true to some extent but every one is liable to exigerate the scarcity of such a coveted and valuable article as money. It is a lamentable fact that cotton is still king in this country and is ! the fact that ours is not a cotton State, strictly speaking, and that we cannot compete with those States of which cotton is the only A contemporary remarks that profitable product, and we have the "Railroads are the magic wand by solution of the question so often rewhose track towns suddenly spring peated, but for which no remedy into cities." The truth of this re- has been applied. It has often been mark might be most beautifully il- suggested to the people of this secbe induced to strike for the Mem- giance to this indomitable king, and portant railroad center, and our to the raising of grain, grasses, fruit, county the wealthlest in the State. &c., which is acknowledged by all, If we want it we can get it! If we and the self-evident proposition grasses, fruits and stock over cotton | ment. A lumber yard, an institution long resort, to which our soil is better bond.

From Colorado.
